

Interview Questions Neuroscience and Technology in Germany

Intro: Warm welcome, we are interviewing *each other*, process and timing, purpose to get to know each other better.

1. Why do you want to participate in the program?
2. What is your favorite topic in neuroscience and why?
3. Tell us about a time when you planned something for a long time and it didn't go as expected? (Follow up if necessary: How are you with fluid/changing plans?)
4. Have you ever been in a situation where you felt totally on the outside and what was that like? How did you respond?
5. What is something that annoys you?
6. (If time) When working in a group, who are you in that group (Follow up if necessary: what role do you find yourself in?)
7. Do you have other plans for the summer?
8. Do you need the global understanding and synthesis credit?
9. Is there anything else you want to tell us about yourself?
10. What questions do you have for us?
